Girl with the Smile

A long time ago I met a girl
whose smile could warm my heart.
She took me in and made me feel
that I was a part
of something much bigger than myself.
I'm so happy I can say
that the girl with the smile
is the woman I still love today.

She's not even five feet tall,
but she's the strongest one I know.
I've learned that I can lean on her.
I'll never let her go.
And she knows that she can lean on me too.
I am happy I can say
that the girl with the smile
is the woman I still love today.

That smile was a moment in time
that stood still through the years
and has guided my life.
She, she still has that smile
though it's grow deep and warmer.
It's grow into something so fine.

A long time ago I met a girl
whose smile could warm my heart.
She took me in and made me feel
that I was a part
of something much bigger than myself.
I am happy I can say
that the girl with the smile
is the woman I still love today.
